3. [] Received a call from Marian Czarnecki, Chief of Staff, House Foreign Affairs Committee, who told me there have been meetings between Chairman Morgan, of the full Committee, and Chairman Dante Fascell, of the Subcommittee on Inter-American Affairs, which have resulted in this request for an intelligence briefing by the Director with the Inter-American Affairs Subcommittee. If possible, Chairman Fascell would like to schedule Thursday, 4 October. It was also requested that a transcript be made of the briefing with the understanding that the Director would go off-the-record wherever he felt it appropriate. I thanked Czarnecki for the call and told him I would relay the request.

4. [] Dave Dorsen, Senate Watergate Committee staff, called in response to [] call on Wednesday concerning the identities of Agency employees whose names are mentioned in various affidavits of other Agency personnel. Dorsen said Senator Baker was the only person interested in these papers and he does not expect that there will be any further use made of them. I told him of my conversation with Rufus Edmisten, of the Committee staff, on Wednesday and his advice that we "let sleeping dogs lie" with the understanding that the staff would attempt to protect the identities of these people. Dorsen agreed with this advice but said they could make no absolute guarantees. STAT

8. [] - PLC) Robert Hull, State Department, called and asked whether the CIA retirement system provided for the reimbursement or crediting of excess funds contributed by a participant who has reached the maximum. CSC has this provision and State is considering adding it to their Foreign Service Retirement Bill now in Congress. I informed Hull that we do not have the provision and that excess contributions go into the general fund. Hull stated that since the instances of a person reaching the maximum are rare, State will probably not seek to add the provision in their bill. I discussed the call with [] Personnel, and [] OGC.
